With the death of Goebelism the political aspirations of several Maysville gentlemen will be buried so deep that Gabriel's born will not resurrect them.

THE L. and N. earnings for the first week of November were \$543,225 gross, an increase of \$65,255. And this in spite of the vigorous war made upon the road by BILL GOEBEL.

A HORRIBLE discovery has been made in Belgium. They have found "Ankyles-tomum Duodenale Nematoid." Wonder if this could have been GORBEL's name before he emigrated to Kentucky?

The election just passed was helf under the provisions of that law, and in nearly every Precinct in Kentucky there were two Goebel election officers and only one Republican election officers and only one Republican election officer and only one Republican election officer at all. And yet Mr. GORNEL and his henchmen are believing about frauds. It will strike the average citizen as a little strange how the minority officers managed to get away with the majority gang.

GRAND OPENING

CHRISTMAS **NOVELTIES!**

WEDNESDAY. **DECEMBER 6, 1899,**

Is our Reception Day. From a bower of roses and palms a famous orchestra will discourse sweet music all day long.

Souvenirs of Flowers for all Lady Visitors! Everyone is cordially invited to attend this reception. 8 a. m. until 10 p. m. Wednesday, December 6th, 1899.

An intimate acquaintance with the good people of Mason and surrounding counties has taught me that "There is nothing too good for them," and I have brought to Maysville the most elegant stock of Holiday Furniture ever exhibited in any town of less than 100,000 inhabitants. In fact Eastern raveling men openly state that these goods would do credit to any city. Having spent seven months collecting this stock of novelties, during which time I have searched all of America and part of Europe, I feel that I am entitled to some consideration at your hands. Not being of a very bashful nature I have no hesitancy in askone day off and inspect this superb stock of Holiday Furniture and Novelties. I devoted seven months to gathering these novelties to Maysville; surely you can devote one day to an inspection of them. You will find that the time will pass pleasantly; delightful music will rest and soothe you when the eyes are tired feasting upon the beautiful novelties gathered from many Eastern cities and foreign climes; sweet scented flowers will rest the mind while the tired body reclines in easy Turkish chairs; affable salesmen will answer all inquiries concerning quality and price with-out attempting to consummate a sale. Let it be distinctly understood that no attempt will be made to consummate a sale of any article upon this day. If you purchase it will be your own fault. No effort will be made to sell you, for this is our RECEPTION DAY, and we desire only

what we ask, viz., YOUR PRESENCE.

Retrospective: A little less than two years ago we appeared in your midst with a new plan---a new method of doing business. A cynical public and indignant competitors stood amazed when we announced our intention of selling Furniture and Farm Implements for cash at one price to all and that price just 10 per cent. above what the article cost in carload lots. We hoisted our 10-per-cent.for-cash flag and the fight was on. Competition was in-dignant over the fact that a stranger would dare to interfere with their old-time war profits. A cynical public doubted our integrity; friendly manufacturers doubted our ability to exist upon a profit of 10 per cent., and the battle

went merrily on THE TRUTH IS MIGHTY 33 AND WILL PREVAIL.

If there is a man, woman or child now today in five counties that does not know and realize that The Price Fighter is in Maysville and Brooksville selling Furniture and Machines at 10 per cent. profit I would like to have his photograph. The Price Fighter has fulfilled every promise, and defies anyone to deny this fact. Speak out now or forever afterwards hold your peace. Thanking you one and all for your many kind words said in my behalf, I remain your friend. remain your friend,

The transaction began Monday and is the carrying out to they property. The transaction began Monday and is the carrying out to nly of the original intention of both the admiral and Mrs. Dewey. By all those interested in the matter the method of transfer adopted was considered the best and safest that could have been adopted. It is to be considered naturally that the transfer was to be the act of Mrs. Dewey as well as of the satirula; It was her desire that she should be property through her to the admiral, and to do this the transfer was made through her to the admiral's son as soon as it was practicable. Through the method adopted no dispute ever can arise over the disposition of the property."
